

REMARKS

Claims 7-10, 13-17, 23, 33-39, 55 and 56 are presently pending in the application.

In the Office Action, the Examiner has indicated that claims 7-10, 13-17, 23, 33-39, 55 and 56 as written in the Amendment filed July 24, 2007 are allowable, and that the application is in condition for allowance after canceling claims 1-6, 11, 12, 18-22, 26-32, 40-52 and 54, which the Examiner noted are directed to a non-elected invention. Applicants believe that the Examiner meant to recite “25-32” instead of “26-32” for cancellation in the Detailed Action, because the Office Action Summary recites claims “25-32” among other claims withdrawn from consideration, and because claim 25 depends from claim 18, another withdrawn claim.

Accordingly, non-elected claims 1-6, 11, 12, 18-22, 25-32 and 40-53 have been cancelled in this Amendment, without prejudice to their inclusion in one or more related applications, in addition to previously cancelled claims 24 and 53.

Claim 37 has been amended to correct a typographic error from previous Amendment by deleting “for” from the beginning of (d).

Claims 38, 39, 55 and 56 have been amended to change the acronym “GPCR” to “G protein-coupled receptor” to avoid any potential confusion.

It is respectfully submitted that the amendments made herein are supported by the specification and the original claims and introduce no new subject matter. Upon entry of the amendments made herein, the application is condition for allowance and such action is respectfully requested.

If a telephone discussion with the undersigned attorney will advance the prosecution and allowance of this application, the Examiner is invited to contact the undersigned attorney at the telephone number or e-mail address listed below.

Respectfully submitted,

YASUHIKO TAKAHASHI *et al.*
